## CROGHAN'S REMAINS

Will be Brought to Fremont for Reburial.

Fremont is planning for a great celebration on the second day of August, on account of the reburial of the body of Col. George Croghan.

The country having set an admirable example by the removal of the remains of John Paul Jones of France, the people of the Sandusky county cadital, have determined to pay due respects to the memory and remains of the famous hero, who by his daring and bravery made himself a national character.

Preparations for a mammoth celebration are being made, and much money is being expended to procure all the desirable features for the days' program.

The body of Col. Croghan, which was interred at Oakwood years ago will be exhumed on that day, and taken to Fremont by way of the old Harrison trail over which Col. Croghan traveled when he assumed command of Fort Stephenson.

It is the intention to secure the entire Sixth Regiment to accompany this removal, but the arrangements have not yet been made. The remains would then lie in state until the time for interment.

Many distinguished guests will be received at the celebration and will take prominent parts in the exercises. A large parade will be given in which the guests are to form a large part, drawn by automobiles. Spirited addresses will be made by men from all over the state, and a general review of the deeds and life of this great hero will be made.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

## The Patience of Job

Could Hardly Endure the Torment of Itching Piles

Itching piles is constant torment—so is eczema.

No comfort all day, no rest at night. Can't keep your mind on work. No use to go to bed.

Suffer no longer; use Doan's Ointment. It gives relief in five or ten minutes. It cures in a short time—cures you to stay cured.

Frank Reyome, quarryman, living in the second house to the right of Frazer St., Bowling Green, O., says: "When Doan's Ointment cured me of that most exasperating of all rectal troubles, itching hemorrhoids, after I had tried innumerable other so-called cures, I did not hesitate to recommend it so that others might have the benefit of my experience. My opinion of this remedy is as high today as it was five years ago when I learned it could be procured at a drug store. The positive results obtained in my case proved this remedy to be reliable and satisfactory."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## THREE INDICTMENTS

Held Good in Decision Rendered by Judge Schroth.

The decision of Judge Schroth in the matter of the motions to quash the four indictments against Surveyor E. L. Spafford, was read by Judge Fries in Court Saturday morning.

The demurrer on the indictment charging the Engineer with making out claims for mileage was sustained, while the other three indictments will stand.

Prosecutor Ladd desired to try the case at once, but under the circumstances Judge Fries did not care to hear the matter, and accordingly continued the case until the September term, when Judge Schroth, of Tiffin will hear it. Edw. Beverstock is assisting Mr. Ladd in the prosecution and E. G. McClelland and F. A. Baldwin are defending Mr. Spafford. Bond was fixed at \$1000 and furnished by Mr. Spafford.

As the matter now stands. Mr. Spafford will be tried on three indictments. One charges him with perjury, a false claim for \$40 for work alleged to have been but not performed by W. H. Wood. Conviction on this offense would carry a punishment of from one to ten years in the penitentiary. One charges him with a similar false claim for \$20, this being punishable by fine of not more than \$200 or imprisonment for not more than thirty days or both. The third indictment alleges, under "Extortion," that he knowingly received \$16 more than was due him for work done. Such an offense is punishable by a fine of not more than \$200 or imprisonment for not more than 20 days, or both, and a convicted officer forfeits his office.

## BASE BALL GAME

Perrysburg Business Men vs. the Farmers of Perrysburg Township.

Next Thursday afternoon at 2:30 the business men of Perrysburg will try and make things interesting at base ball for a team of Perrysburg township farmers.

This game will be played at the Perrysburg Base Ball Park and will no doubt prove as interesting as the game played some time ago by the business men.

The team which has been selected to play from the country is the best aggregation that could be got together, it is certainly a very strong one and will make the business men go some to hold their own.

The farmers will bring a large crowd with them to root and cheer them on to victory and it is up to the people in town to show that they are alive and come out to urge their team on.

The proceeds of this game will go to the Perrysburg Base Ball Club which has a large debt to pay on their new park.

The price of admission will be 10c. Grandstand seats 25c.

The line-up of the two teams is as follows:

## PROBATE JUDGE

Lincoln Makes Annual Report of the Year's Work.

The report of Probate Judge Lincoln to the secretary of the state is an interesting one and while it shows the business done in the office, it also shows some interesting statistics which unlike most figures are far from being dry, says the young who reports for the Bowling Green Tribune.

This report which covers the period from the first day of April 1905 till the last day of March 1906, shows which is the most favorable month for marriages, which is the most fatal to life in this county, that in which the most children are born, what occupations have lost the most workmen, just how many married women have died, where the most of our naturalized citizens came from and other interesting information which makes good reading.

According to the report more boys were born in August than any other month with March second. The girls favored March there being 55 arrivals among the fair sex in that month. Six young women will either have to get out of the county for husbands marry men younger than themselves or be old maids.

More men died in March last in this county than any other month while December took the most women. On the whole March was the fatal month there being 56 deaths in that month. Race suicide is not making such terrible progress in Wood county apparently for while 425 persons died there was born 1049.

June the month of brides and roses made good last year and 44 of the county's blushing young women led bashful grooms to the altar of love.

November was second with 38 brides. October had the smallest number, there being 25 during that month.

More farmers and housewives died last year than in any other occupation. Of those who died 14 were English born, but German led the list with 24. Another place that the Germans shone was in being transformed into American citizens there being nine from the land of the Rhine.
